

VALIDATING YOUR CARD IN THE METRONIT IS

→ FIRST GET ON → THEN VALIDATE

>> FIRST GET ON >> THEN VALIDATE

Dear passengers,

The old validation machines are being brought out of service.
From now on, you must validate your card by Metronit,
immediately upon boarding.

For your convenience, instead of validating your Rav-Kav card
you can validate with one of the applications:

pango.

Cello

moovit

רב-פס
by HopOn

Please note: validation is obligatory on every journey.

Failure to validate constitutes violation of the law, for which a person will be fined.
Please avoid unpleasantness by listening to inspectors' instructions.

**We wish you a pleasant
and safe journey**
